## CONSULTATION - AED 200

Not just a prescribed course of medicine for specific illnesses, Unani medicine works as a preventative means and is often used as a way to live a healthy life, free of disease, with improved longevity, strength and vitality.

The range of treatments starts with a thorough consultation and pulse reading to understand the temperament of a person and the treatment plan is then decided accordingly. It traditionally makes use of a variety of techniques including herbal medicines, dietary advice and regimental therapies.

## REGIMENTAL THERAPIES - Cupping / Hijama
